

August Newsletter

Welcome to the August edition of **Evolving Practice** news. This month's newsletter focuses on feedback. Let us know what you think of the case studies and the website itself!

Case Study Star Rating

You may have seen that each case study has a five-star rating associated with it. This allows registered users to rate how useful they found the case study. Has it inspired you in your own work? Have you found out about projects in your area or useful reports that you didn't know about before? As well as the rating you can also post a comment about any case study. (Please note that all submissions to the website are moderated.)

> [Login and rate a case study at www.evolvingpractice.org/contribute](http://www.evolvingpractice.org/contribute)

Website Survey

What do you think about Evolving Practice? What parts have you found most useful? Have the experiences of colleagues across the country inspired or encouraged your own Patient Focus and Public Involvement work? Is there anything about the website that you'd like to change? We are keen to hear your views.

Featured Case Study

East Ayrshire Well person Service

East Ayrshire Well Person Service is a nurse-led initiative which aims to tackle stigma and reduce the inequalities in health and access to mainstream services experienced by people with severe mental illnesses.
